## PROFESSIONAL SUMMARY

Aspiring Junior Software Developer with a strong foundation in Python, JavaScript, and web development. Proficient in writing clean, efficient code and developing scalable web applications. Eager to apply technical skills, problem-solving abilities, and a passion for learning to contribute to dynamic development teams. Highly motivated to deliver effective software solutions and grow within a collaborative environment.

---

## TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript
  - **Web Technologies:** HTML, CSS
  - **Frameworks/Libraries:** React.js (basic),
  - **Database Management:** MySQL(basic)
  - **Version Control:** Git, GitHub
  - **Tools & Platforms:** Visual Studio Code,
  - **Key Skills:** Problem-solving, Debugging, Collaboration, Communication, Agile Methodologies
- 

## PROJECT EXPERIENCE

### Personal Portfolio Website

**Technologies Used:** HTML, CSS, JavaScript

- Developed a responsive portfolio website to showcase my projects and skills.
- Implemented interactive features using JavaScript to improve user experience.
- Utilised Git for version control and hosted the project on GitHub.
- Applied responsive design principles to ensure seamless performance across devices.

# SOFTWARE DEVELOPMENT TRAINING

## Software Development Bootcamp - Skills Network

*November 2023 - February 2024*

- Gained hands-on experience in Python, JavaScript, HTML, CSS, MySQL, and Git.
- Built practical coding projects to solidify programming concepts.
- Developed understanding of Object-Oriented Programming, Database Management, and Web Development concepts.

## SheCodes Certifications

- **SheCodes Basic Certification**
- **SheCodes Basic-AddOn Certification**
- **SheCodes Plus Certification**
- **SheCodes Plus AI Certification**

---

# WORK EXPERIENCE

**Medical Laboratory Assistant - Royal London Hospital/Great Ormond Street Hospital**

*June 2022 - Present*

- Developed strong attention to detail while ensuring accurate identification of patient samples.
- Demonstrated problem-solving skills by rectifying errors in sample identification processes.
- Gained experience collaborating with multidisciplinary teams to manage sample testing efficiently.

### **Medical Laboratory Assistant - HSL Virology**

*November 2021 - March 2022*

- Managed preparation and data identification for patient samples.
- Improved workflow efficiency by enhancing sample identification processes.

### **Sales Assistant - Waitrose**

*October 2017 - December 2021*

- Developed strong communication skills through customer service.
  - Displayed problem-solving abilities by resolving customer queries quickly and efficiently.
- 

## **EXTRACURRICULAR ACTIVITIES**

### **CEO of Hairstyling Business**

*2019 - Present*

- Developed entrepreneurial skills by managing marketing, sales, and operations.
- Applied customer service skills by providing clear information to clients and addressing their concerns.

### **Imperial Outreach Program - STEM Mentor**

*2015 - 2017*

- Mentored students from low-income backgrounds, offering guidance on STEM education pathways.
- 

## **EDUCATION**

### **BSc Biomedical Science - University of Wolverhampton**

*2018 - 2021*

- Graduated with a 2.1 classification.

### **A-Levels - Harris Sixth Form**

*2015 - 2017*

- Biology (B), Sociology (B), Psychology (C)

### **GCSEs - Harris Girls' Academy East Dulwich**

*2010 - 2015*

- 11 A-B grades, including Mathematics (A) and Statistics (A)
-
